

# SAFETY DATA SHEET

Issuing Date 17-Aug-2023

Revision date 17-Aug-2023

Revision Number 1

## 1. Identification

### Product identifier

Product Name BOSS SMG 32

### Other means of identification

Product Code(s) GHSRBS-063

Synonyms None

### Recommended use of the chemical and restrictions on use

Recommended use Lubricant

Restrictions on use No information available

### Details of the supplier of the safety data sheet

Initial supplier identifier BOSS Lubricants

Manufacturer Address 6303 30 ST SE Calgary, ABT2C 1R4

### Emergency telephone number

Initial supplier phone number (800) 844-9457

Emergency Telephone Chemtrec 1-800-424-9300

## 2. Hazard(s) identification

### Classification

Not a hazardous substance or mixture according to the Globally Harmonized System (GHS) Not a hazardous substance or mixture according to Canada's Hazardous Product Regulations.

### Label elements

None

### Hazard statements

Not a hazardous substance or mixture according to the Globally Harmonized System (GHS). Not a hazardous substance or mixture according to Canada's Hazardous Product Regulations.

### Precautionary Statements - Disposal

Dispose of contents/container in accordance with local, regional, national, and international regulations as applicable

### Other information

### 3. Composition/information on ingredients

#### Substance

| Chemical name  | CAS No.     | Weight-%  | Hazardous Material Information Review Act registry number (HMIRA registry #) | Date HMIRA filed and date exemption granted (if applicable) |
|--|-------------|-----------|--|---|
| PROPRIETARY ADDITIVES  | PROPRIETARY | 0.1 - 1.0 | -  |   |
| lubricating oils (petroleum), C15-30, hydrotreated neutral oil-based | 72623-86-0  | 30 - 60   | -  |   |
| Lubricating oils, petroleum, hydrotreated spent                      | 64742-58-1  | 30 - 60   | -  |   |

If CAS number is "proprietary", the specific chemical identity and percentage of composition has been withheld as a trade secret.

### 4. First-aid measures

#### Description of first aid measures

|                     |   |
|---------------------|---|
| <b>Inhalation</b>   | Remove to fresh air. If not breathing, give artificial respiration. IF exposed or concerned: Get medical advice/attention.  |
| <b>Eye contact</b>  | IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. Get medical attention if irritation develops and persists.                         |
| <b>Skin contact</b> | Wash off immediately with soap and plenty of water while removing all contaminated clothes and shoes. Get medical attention if symptoms occur.  |
| <b>Ingestion</b>    | Do NOT induce vomiting. Call a physician or poison control center immediately. If vomiting occurs spontaneously, keep head below hips to prevent aspiration. Never give anything by mouth to an unconscious person. |

#### Most important symptoms and effects, both acute and delayed

|                 |   |
|-----------------|---|
| <b>Symptoms</b> | Prolonged contact may cause redness and irritation. |
|-----------------|---|

#### Indication of any immediate medical attention and special treatment needed

|                           |                        |
|---------------------------|------------------------|
| <b>Note to physicians</b> | Treat symptomatically. |
|---------------------------|------------------------|

## 5. Fire-fighting measures

|   |   |
|---|---|
| <b>Suitable Extinguishing Media</b>                   | Carbon dioxide (CO2). Foam. Dry chemical. Water spray or fog.   |
| <b>Unsuitable extinguishing media</b>                 | Do not scatter spilled material with high pressure water streams.   |
| <b>Specific hazards arising from the chemical</b>     | No information available.   |
| <b>Explosion data</b>                                 |   |
| <b>Sensitivity to mechanical impact</b>               | None.   |
| <b>Sensitivity to static discharge</b>                | None.   |
| <b>Special protective equipment for fire-fighters</b> | Firefighters should wear self-contained breathing apparatus and full firefighting turnout gear.<br>Use personal protection equipment. |

## 6. Accidental release measures

### Personal precautions, protective equipment and emergency procedures

**Personal precautions** Use personal protective equipment as required. See section 8 for more information.

### Methods and material for containment and cleaning up

**Methods for containment** Stop leak if you can do it without risk. Keep out of drains, sewers, ditches and waterways.  
Ventilate the area. Avoid breathing vapors or mists.

**Methods for cleaning up** Cover liquid spill with sand, earth or other non-combustible absorbent material. Prevent product from entering drains.

## 7. Handling and storage

### Precautions for safe handling

**Advice on safe handling** Avoid breathing dust/fume/gas/mist/vapors/spray. Use grounding and bonding connection when transferring this material to prevent static discharge, fire or explosion. Use spark-proof tools and explosion-proof equipment. Avoid contact with skin, eyes or clothing.  
Ensure adequate ventilation.

### Conditions for safe storage, including any incompatibilities.

**Storage Conditions** Keep container tightly closed in a dry and well-ventilated place. Keep away from heat, sparks, flame and other sources of ignition (i.e., pilot lights, electric motors and static electricity).

## 8. Exposure controls/personal protection

### Control parameters

**Exposure Limits** Mineral oil, as a mist, is regulated by Provincial authorities and range from 0.2 mg/m (British Columbia) to 5 mg/m<sup>3</sup> (Alberta, Manitoba, Ontario, Quebec, Saskatchewan). Consult Provincial Occupational Health & Safety authority's websites for details.

### Appropriate engineering controls

**Engineering controls** Showers  
Eyewash stations  
Ventilation systems.

### Individual protection measures, such as personal protective equipment

**Eye/face protection** Wear safety glasses with side shields (or goggles). Avoid contact with eyes.

**Hand protection** Wear suitable gloves.

**Skin and body protection** No special protective equipment required

**Respiratory protection** No protective equipment is needed under normal use conditions. If exposure limits are exceeded or irritation is experienced, ventilation and evacuation may be required.

**General hygiene considerations** Handle in accordance with good industrial hygiene and safety practice.

## 9. Physical and chemical properties

### Information on basic physical and chemical properties

**Physical state** Liquid

**Appearance** Viscous

**Color** Light/ Pale

**Odor** Characteristic

**Odor threshold** No information available

| <u>Property</u>                               | <u>Values</u>     | <u>Remarks - Method</u> |
|---|-------------------|-------------------------|
| <b>pH</b>                                     | No data available | None known              |
| <b>Melting point / Freezing point</b>         | No data available | None known              |
| <b>Boiling Point / Boiling range</b>          | No data available | None known              |
| <b>Flash point</b>                            | > 150°C (302°F)   | ASTM D92                |
| <b>Evaporation rate</b>                       | < 1               | None known              |
| <b>Flammability (solid, gas)</b>              | No data available | None known              |
| <b>Flammability limit in Air</b>              |                   | None known              |
| <b>Upper flammability or explosive limits</b> | No data available |                         |
| <b>Lower flammability or explosive limits</b> | No data available |                         |
| <b>Vapor pressure</b>                         | < 0.1 kPa at 20°C | None known              |

|                              |                       |            |
|------------------------------|-----------------------|------------|
| Vapor density                | No data available     | None known |
| Relative density             | 0.8676 - 0.8698 @15°C | ASTM D1298 |
| Water solubility             | No data available     | None known |
| Solubility in other solvents | No data available     | None known |
| Partition coefficient        | No data available     | None known |
| Autoignition temperature     | No data available     | None known |
| Decomposition temperature    | 32 cST @40°C          | ASTM D44S  |
| kinematic viscosity          | No data available     | None known |
| Dynamic viscosity            | No data available     | None known |

**Other information**

|                      |                           |
|----------------------|---------------------------|
| Explosive properties | No information available. |
| Oxidizing properties | No information available. |
| Softening point      | No information available  |
| Molecular weight     | No information available  |
| VOC Content (%)      | No information available  |
| Liquid Density       | No information available  |
| Bulk density         | No information available  |

**10. Stability and reactivity**

|                                    |   |
|------------------------------------|---|
| Reactivity                         | Stable.   |
| Chemical stability                 | Stable under normal conditions.   |
| Possibility of hazardous reactions | None under normal processing.   |
| Conditions to avoid                | Heat, flames and sparks.  |
| Incompatible materials             | Strong oxidizing agents.  |
| Hazardous decomposition products   | Thermal decomposition can lead to release of irritating and toxic gases and vapors. |

**11. Toxicological information****Information on likely routes of exposure****Product Information**

|              |                                       |
|--------------|---------------------------------------|
| Inhalation   | No known hazard by inhalation.        |
| Eye contact  | Not expected to cause eye irritation. |
| Skin contact | No known hazard in contact with skin. |
| Ingestion    | No known hazard by swallowing.        |

**Symptoms related to the physical, chemical and toxicological characteristics.**

|          |                           |
|----------|---------------------------|
| Symptoms | No information available. |
|----------|---------------------------|

**Acute toxicity**

**Numerical measures of toxicity** No information available

**Unknown acute toxicity** No information available

Product Information

**Delayed and immediate effects as well as chronic effects from short and long-term exposure**

**Skin corrosion/irritation** May cause skin irritation. Symptoms may be delayed.

**Serious eye damage/eye irritation** Based on available data, the classification criteria are not met.

**Respiratory or skin sensitization** Based on available data, the classification criteria are not met.

**Germ cell mutagenicity** Based on available data, the classification criteria are not met.

**Carcinogenicity** Based on available data, the classification criteria are not met.

**Reproductive toxicity** Based on available data, the classification criteria are not met.

**STOT - single exposure** Based on available data, the classification criteria are not met.

**STOT - repeated exposure** Based on available data, the classification criteria are not met.

**Aspiration hazard** Not applicable.

**12. Ecological information**

**Ecotoxicity** Not considered to be harmful to aquatic life.

**Persistence and degradability** No information available.

**Bioaccumulation** No information available.

**Other adverse effects** No information available.

**13. Disposal considerations****Waste treatment methods**

**Waste from residues/unused products** Dispose of in accordance with local regulations. Dispose of waste in accordance with environmental legislation.

**Contaminated packaging** Do not reuse empty containers.

**14. Transport information**

**Transport Canada** Not regulated

**TDG** Not regulated

**DOT** Not regulated

## 15. Regulatory information

### Safety, health and environmental regulations/legislation specific for the substance or mixture

#### International Regulations

The Montreal Protocol on Substances that Deplete the Ozone Layer Not applicable.

The Stockholm Convention on Persistent Organic Pollutants Not applicable

The Rotterdam Convention Not applicable

#### International Inventories

TSCA Complies.  
 DSL/NDL Complies.  
 EINECS/ELINCS Contact supplier for inventory compliance status.  
 ENCS Contact supplier for inventory compliance status.  
 IECSC Contact supplier for inventory compliance status.  
 KECL Contact supplier for inventory compliance status.  
 PICCS Contact supplier for inventory compliance status.  
 AICS Contact supplier for inventory compliance status.

#### **Legend:**

**TSCA** - United States Toxic Substances Control Act Section 8(b) Inventory

**DSL/NDL** - Canadian Domestic Substances List/Non-Domestic Substances List

**EINECS/ELINCS** - European Inventory of Existing Chemical Substances/European List of Notified Chemical Substances

**ENCS** - Japan Existing and New Chemical Substances

**IECSC** - China Inventory of Existing Chemical Substances

**KECL** - Korean Existing and Evaluated Chemical Substances

**PICCS** - Philippines Inventory of Chemicals and Chemical Substances

**AICS** - Australian Inventory of Chemical Substances

## 16. Other information

|             |                       |   |                     |   |                         |   |   |   |
|-------------|-----------------------|---|---------------------|---|-------------------------|---|---|---|
| <b>NFPA</b> | <b>Health hazards</b> | 0 | <b>Flammability</b> | 1 | <b>Instability</b>      | 0 | <b>Physical and chemical properties</b> | - |
| <b>HMIS</b> | <b>Health hazards</b> | 0 | <b>Flammability</b> | 1 | <b>Physical hazards</b> | 0 | <b>Personal protection</b>              | X |

### Key or legend to abbreviations and acronyms used in the safety data sheet

#### **Legend Section 8: EXPOSURE CONTROLS/PERSONAL PROTECTION**

|         |                             |                     |                                  |
|---------|-----------------------------|---------------------|----------------------------------|
| TWA     | TWA (time-weighted average) | STEL                | STEL (Short Term Exposure Limit) |
| Ceiling |                             | Maximum limit value | * Skin designation               |

#### Disclaimer

The information provided in this Safety Data Sheet is correct to the best of our knowledge, information and belief at the date of its publication. The information given is designed only as a guidance for safe handling, use, processing, storage, transportation, disposal and release and is not to be considered a warranty or quality specification. The information relates only to the specific material designated and may not be valid for such material used in combination with any other materials or in any process, unless specified in the text.

**End of Safety Data Sheet**

#### Data for Regulatory Rules

| Region | Template name | Revision Note |
|--------|---------------|---------------|
| Canada | HGHS          | 2.0           |

#### GHS Product Information

Kinematic viscosity 32 cST @ 40°C

|                |                |
|----------------|----------------|
| Physical state | Liquid         |
| Flash point °C | >150°C (302°F) |

**Component Information****Canada****GHS Classification**

Not Hazardous

Not a hazardous substance or mixture according to the Globally Harmonized System (GHS) Not a hazardous substance or mixture according to Canada's Hazardous Product Regulations.

Signal word

None

Precautionary Statements - Disposal

Dispose of contents/container in accordance with local, regional, national, and international regulations as applicable
