

## TRIPLEX PUMP LUBRICANT

Triplex Pump lubricant is an intensley hydro treated oil with very high extreme pressure and load carrying properties which reduce plunger and packing wear. The natural solvency of the lubricant helps prevent varnish build up to maintain consistent pressure. With a flash point of 175°C this product is remarkably safe and makes for an excellent release product for cemeting and corrosive applications as well as exceptional for clean ups.

KINEMATIC VISCOSITY CST @ 40°C	9.46
VISCOSITY INDEX	215
FLASH POINT, °C	175
